

IMPORTANT NOTICE FROM CHADWICK END PARISH COUNCIL

Introducing Chadwick End “WhatsApp Community”

What is a “WhatsApp Community”?

The Chadwick End WhatsApp Community is a new way for residents to stay informed and connected through a dedicated, organised platform accessible via mobile phone. It brings together important village updates, events, alerts, and discussions—all in one convenient place. Phase 1 will be a simple "community announcement group" which will share important updates with all community members. You will only receive notifications for general announcements (member replies go directly to the Admin sender)

 **Safe & Respectful Communication** – all Messages are moderated to keep the space helpful and friendly (only Community Admins can broadcast messages to the whole community, and **your phone number is kept private** from non-admin members in community announcements (unlike the common WhatsApp “Group Chat”))

Why do we need a Chadwick End WhatsApp Community?

Phase 1 will be a "community announcement group" which will share important updates with all community members:

 **Improving Village Communications** – accessible via a smartphone (more accessible and inclusive than social media and emails)

 **Alerts & Emergencies** – Get real-time updates about urgent matters like power outages, road closures, lost pets, or weather warnings.

 **Event Notices** – Be the first to know about village events, meetings, and activities.

Other features of the WhatsApp Group:

 **Community Chat** – this may follow in phase 2, and offers the ability to ask questions, share ideas, or offer help via group chats.
